About Us

My Serenity Sanctuary is a nonprofit 501(c)(3) organization founded in 2022 and dedicated to advancing self care, holistic well being, and advocacy for Black women and girls. Rooted in cultural affirmation and community, the organization was created to address the unique and often overlooked challenges impacting mental, emotional, and physical health, ensuring that those we serve have access to spaces that honor their lived experiences and support their overall wellness.

Our mission is to create inclusive, healing centered environments that foster self discovery, restoration, and personal growth. Through a multi tiered approach, My Serenity Sanctuary offers a range of programs and experiences that support women across all stages of life, including wellness initiatives, leadership development, community gatherings, and access to supportive resources that encourage both personal and collective growth.

We serve Black women from diverse backgrounds and life experiences, including those navigating leadership, entrepreneurship, caregiving, and periods of transition or restoration. Our work is grounded in holistic wellness, personal development, and meaningful connection, ensuring that every woman we serve is supported in prioritizing her well being, strengthening her voice, and building a path forward with clarity and confidence.

Beyond direct programming, My Serenity Sanctuary is committed to advocacy and community building, working to elevate the voices of Black women and girls while addressing systemic barriers that impact long term health outcomes. Through intentional programming and a growing network of support, we continue to build a movement rooted in healing, empowerment, and sustainable well being.
